Visiting the University

The University's faculties/departments and the Colleges are situated across Cambridge, though most are within walking distance of the city centre. For more details of open days and booking instructions (www.graduate.study.cam.ac.uk).

Getting around Cambridge

The Uni 4 bus service runs between Madingley Road P&R site and Addenbrooke's Hospital main entrance.

Other local bus services, see: www.cambridgeshire.gov.uk/buses.

The Universal bus service runs (H6, telephone: 01223 332301; email: disability@cam.ac.uk). The guide (www.cam.ac.uk/accessguide) provides information about facilities and accessibility. If you require further guidance, please contact the Disability Resource Centre (01223 331048; email: disability@cam.ac.uk).

As Cambridge is fairly compact and better suited to pedestrians and cyclists than vehicles, wherever possible and practical we recommend getting around the city on foot or by bike – these are often the quickest means of transport and are also best for getting a sense of the city.

If you're an applicant with a disability, Specific Learning Difficulty or long-term health condition, the Disability Access Guide (www.cam.ac.uk/accessguide) is available online. If you require further guidance, please contact the Disability Resource Centre: www.cam.ac.uk/accessguide (telephone: 01223 332301; email: disability@cam.ac.uk).

Parking

The University has car parks in Addenbrooke’s Hospital and King's College. For more information about facilities and accessibility. If you require further guidance, please contact the Disability Resource Centre: www.cam.ac.uk/accessguide (telephone: 01223 332301; email: disability@cam.ac.uk).
